

Anti-Bullying Policy March 2026

Policy lead	Hannah Ferris
Date approved by Governing Body	
Review date	March 2027

Bullying, both verbal and physical, will not be tolerated in our schools. It is everyone's responsibility to prevent it from happening and this policy contains guidelines for all members of the school community.

In our schools, everyone has the right to feel welcome, safe and happy. In our schools we will not tolerate any unkind actions or remarks, even if these were not intended to hurt. Bullying is deliberately hurtful behaviour that is repeated often over a period of time, making it difficult for the person concerned to defend themselves.

Policy Objectives

We are committed to developing an anti-bullying culture where the bullying of adults, children and young people is not tolerated in any form. This policy outlines what we will do to prevent and tackle all forms of bullying. The policy has been adopted to represent the whole school community.

Policy Links

This policy links with a number of other school policies, practices and action plans including:

- Relational and Behaviour policy
- Complaints policy
- Safeguarding and Child Protection policy
- Staff Code of Conduct policy
- Online safety and Acceptable use policies (AUP)
- Curriculum policies, such as: PSHE, citizenship and computing
- Exclusions Policy

Responsibilities

- It is the responsibility of:
 - The Headteacher to communicate this policy to the school community; to ensure that disciplinary measures are applied fairly, consistently and reasonably; and that a member of the senior leadership team has been identified to take overall responsibility.
 - Governors to take a lead role in monitoring and reviewing this policy.
 - All staff, including governors, senior leadership, teaching and non-teaching staff, to support, uphold and implement this policy accordingly.
 - Parents/carers to support their children and work in partnership with the school.
 - Pupils to abide by the policy.

Definition of Bullying

- Bullying can be defined as 'behaviour by an individual or a group, repeated over time that intentionally hurts another individual either physically or emotionally' (*DfE 'Preventing and Tackling Bullying July 2017'*)
- Bullying can include physical and emotional abuse over a sustained period of time such as:
 - name calling, taunting, mocking, making offensive comments, kicking, hitting, taking belongings, producing offensive graffiti, gossiping, peer isolation (e.g. excluding people from groups) and spreading hurtful and untruthful rumours
- Bullying can be in relation to physical appearance, home circumstance (e.g. being a young carer or a child in care), physical/mental health conditions, sexualised bullying/harassment and prejudiced-based/discriminatory bullying (against people with protected characteristics).

- The same unacceptable behaviours can be expressed online; this is sometimes called online bullying or cyberbullying. This can include sending offensive, upsetting and inappropriate messages by phone, text, instant messenger, through gaming, websites, social media sites and apps, and sending offensive or degrading photos or videos.
- The Lightyear Federation recognises that bullying can be emotionally abusive and can cause severe and adverse effects on children's emotional development.
- Bullying is recognised by The Lightyear Federation as being a form of child on child abuse, which usually involves an imbalance of power. We further recognise that:
- Abuse is abuse and it should never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".
- Even if there are no reports of bullying, it does not mean it is not happening and it may be the case that it is just not being reported.
- All victims will be taken seriously and offered appropriate support, regardless of where the abuse takes place.
- Children can abuse other children.

Our Ethos

We recognise that all forms of bullying, especially if left unaddressed, can have a devastating effect on individuals. It can also create a barrier to learning and have serious consequences for mental wellbeing. By effectively preventing and tackling bullying, our schools can help to create a safe and disciplined environment where children are able to learn and fulfil their potential.

The Lightyear Federation:

- Provides play facilities available for our children that provide an interesting and stimulating environment that promotes positive playtimes
- Understands the importance of challenging inappropriate behaviours between peers.
- Monitors and reviews our anti-bullying policy and practice on a regular basis.
- Supports staff to promote positive relationships to help prevent bullying.
- Recognises that some members of our community may be more vulnerable to bullying and its impact than others; this may include children with SEND. Being aware of this will help us to develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
- Will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensures our pupils are aware that bullying concerns will be dealt with sensitively and effectively and that everyone should feel safe to learn and abide by the anti-bullying policy.
- Requires all members of the community to work with the school to uphold the anti-bullying policy.
- Recognises the potential impact of bullying on the wider family of those affected so will work in partnership with parents/carers regarding all reported bullying concerns and will seek to keep them informed at all stages.
- Will deal promptly with grievances regarding the school response to bullying in line with our complaints policy.
- Seeks to learn from good anti-bullying practice elsewhere.
- Utilises support from the Local Authority and other relevant organisations when appropriate.

Responding to Bullying Concerns Amongst Children

The following steps will be taken when dealing with any instances of bullying reported to the school:

- If bullying is suspected or reported, the incident will be taken seriously and will be logged by the member of staff who has been approached or witnessed the concern. They will speak with the identified victim to:
 - Provide immediate reassurance to the child/their family
 - Provide an opportunity for the child to discuss their experience with their teacher, a member of the Inclusion Team, a Designated Safeguarding Lead, or another member of staff of their choice. A written record of their account will be kept.
- Appropriate support will be provided to the person who has been reported as being bullied. Staff will make sure that they are not at risk of immediate harm and will involve them in any decision making as appropriate
- A member of the Senior Leadership/Safeguarding Team (or an identified trusted adult) will speak with all parties involved. Written accounts will be kept.
- Other children and members or staff may be spoken to as appropriate to try to gain context and ensure all related concerns are investigated.
- The Headteacher/member of SLT overseeing the investigation will check behaviour logs and make enquiries to see whether the alleged perpetrator has been involved in similar incidents, enabling any patterns of behaviour to be established.

Where bullying has been found to have taken place:

- There will be a discussion with the perpetrator about what has happened and the need to change the behaviour.
- The Designated Safeguarding Lead will be informed of all bullying issues where there are safeguarding concerns.
- Parents/Carers of both victim and perpetrator will be contacted at the earliest opportunity, informed about the concern and any actions taken (information sharing as appropriate and in line with safeguarding and confidentiality policies).
- Support will be identified and sanctions, as per the federation relational and behaviour policy, may be implemented. This will be communicated with all parties concerned.
- If necessary, other agencies may be consulted with and involved. If a criminal offence has been committed then this would be referred to the police. We may also involve other local services including Early Help or Children's Social Care if a child is felt to be at risk of significant harm.
- Where appropriate, a plan will be made with the inclusion team to help towards restoring self-esteem and confidence. Ongoing support will be provided. This may include the child working and checking-in with staff, offer of emotional support, or the school further engaging with parents and carers.
- Where the bullying of, or by pupils, takes place off school site or outside of normal school hours (including cyberbullying), the school will ensure that the concern is investigated and that appropriate support is put in place within school. If required, we will liaise and collaborate with other schools. Appropriate action will be taken, and sanctions may be used in accordance with this policy and the school's relational and behaviour policy.

- A clear and precise account of bullying incidents will be recorded by the school in accordance with existing procedures. This will include recording appropriate details regarding decisions and action taken using our Anti-Bullying Log Sheet (Appendix 2)
- Instances of bullying will be logged on ClassCharts.
- Bullying will be reported to the safeguarding governors at termly monitoring and are recorded using the KCC Bullying Returns Form.

Cyberbullying

When responding to cyberbullying concerns, the school will:

- Act as soon as an incident has been reported or identified.
- Provide appropriate support for the person who has been cyberbullied, and work with the person who has carried out the bullying to ensure that it does not happen again.
- Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- Take all available steps where possible to identify the person responsible. This may include:
 - looking at use of the school systems
 - identifying and interviewing possible witnesses
 - contacting the service provider and the police, if necessary.
- Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation. This may include:
 - support reporting to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
 - confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and the DfE guidance on 'Searching, screening and confiscation at school'
 - requesting the deletion of locally-held content and content posted online if they contravene school policies.
- Where an individual can be identified, the school will take steps to change the attitude and behaviour of the perpetrator, as well as ensuring access to additional help that they may need. Sanctions and restorative conversations may be used in school as appropriate.
- Inform the police if a criminal offence has been committed.
- Provide information to staff and pupils regarding steps they can take to protect themselves online. This may include:
 - providing advice on blocking or removing people from contact lists.
 - helping those involved to consider and manage any private information they may have in the public domain.
 - advising those targeted not to retaliate or reply.

Responding to Bullying Concerns Amongst Adults

Our schools take measures to prevent and tackle bullying among pupils; however, it is equally important to recognise that bullying of adults, including staff and parents, whether by pupils, parents or other staff members, is unacceptable.

Adults (staff and parents) who have been bullied or affected will be supported by:

- Offering an immediate opportunity to discuss the concern with the designated safeguarding lead, a senior member of staff and/or the Headteacher.
- Advising them to keep a record of the bullying as evidence and discuss how to respond to future concerns.
- Where the bullying takes place off school site or outside of normal school hours (including online), the school will still investigate the concern and ensure that appropriate action is taken in accordance with school/federation policies.
- Reporting offensive or upsetting content and/or accounts to the service provider, where the bullying has occurred online.
- Reassuring and offering appropriate support.
- Working with the wider community and local/national organisations to provide further or specialist advice and guidance.

Adults who have perpetrated the bullying will be helped by:

- Discussing what happened with a senior member of staff and/or the headteacher to establish the concern.
- Establishing whether a legitimate grievance or concern has been raised and signposting to the school's official complaints procedures.
- If online, requesting that content be removed.
- Instigating disciplinary, civil or legal action as appropriate or required.

Preventing Bullying

Environment

The whole school community will:

- Create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others, which will be upheld by all.
- Recognise that bullying can be perpetrated or experienced by any member of the community, including adults and children (child on child abuse).
- Recognise the potential for children with Special Educational Needs and Disabilities (SEND) to be disproportionately impacted by bullying and will implement additional pastoral support as required.
- Recognise that bullying may be affected and influenced by gender, age, ability and culture of those involved.
- Openly discuss differences between people that could motivate bullying, such as: children with different family situations, such as looked after children or those with caring responsibilities, religion, ethnicity, disability, gender, sexuality or appearance related difference.
- Challenge practice and language (including 'banter') which does not uphold the school values of tolerance, non-discrimination and respect towards others.
- Be encouraged to use technology, especially mobile phones and social media, positively and responsibly.
- Work with staff, the wider community and outside agencies to prevent and tackle concerns including all forms of prejudice-based and discriminatory bullying.
- Actively create "safe spaces" for vulnerable children and young people.
- Celebrate success and achievements to promote and build a positive school ethos.

Policy and Support

The whole school community will:

- Provide a range of approaches for pupils, staff and parents/carers to access support and report concerns.
- Regularly update and evaluate our practice to consider the developments of technology and provide up-to-date advice and education to all members of the community regarding positive online behaviour.
- Take appropriate, proportionate and reasonable action, in line with existing school policies, for any bullying brought to the schools' attention, which involves or effects pupils, even when they are not on school premises; for example, when using school transport or online, etc.
- Implement appropriate disciplinary sanctions; the consequences of bullying will reflect the seriousness of the incident, so that others see that bullying is unacceptable.
- Use a variety of techniques to resolve the issues between those who bully, and those who have been bullied.

Education and Training

The school community will:

- Train all staff, including teaching staff, support staff (e.g. administration staff, and site support staff) and pastoral staff, to identify all forms of bullying and take appropriate action, following the school's policy and procedures, including recording and reporting incidents.
- Consider a range of opportunities and approaches for addressing bullying throughout the curriculum and other activities, such as through displays, assemblies, peer support, the school council, etc.
- Collaborate with other local educational settings as appropriate, and during key times of the year, for example during transition.
- Ensure that anti-bullying has a high profile throughout the year, reinforced through key opportunities such as anti-bullying week.
- Provide systematic opportunities to develop pupils' social and emotional skills, including building self-esteem.

Involvement of Pupils

We will:

- Involve pupils in creating child-friendly versions of this policy and policy decision making, to ensure that they understand the school's approach and are clear about the part they play in preventing bullying.
- Regularly canvas pupils' views on safe spaces in school and the extent and nature of bullying.
- Ensure that all pupils know how to express worries and anxieties about bullying.
- Ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying.
- Involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum.
- Utilise pupil voice in providing pupil led education and support.
- Publicise the details of internal support, as well as external helplines and websites.

- Offer support to pupils who have been bullied and to those who are bullying to address the problems they have.

Involvement and Liaison with Parents and Carers

We will:

- Make sure that key information about prejudice-based and discriminatory bullying (including policies and named points of contact) is available to parents/carers in a variety of formats, including via the school website.
- Ensure all parents/carers know who to contact if they are worried about bullying and where to access independent advice.
- Take steps to involve parents and carers in developing policies and procedures, to ensure they are aware that the school does not tolerate any form of bullying.
- Work with all parents/carers and the local community to address issues beyond the school gates that give rise to bullying.
- Ensure that parents work with the school to role model positive behaviour for pupils, both online and offline.
- Ensure all parents/carers know about our complaints procedure and how to use it effectively, to raise concerns in an appropriate manner.

Record Keeping

All forms of inappropriate behaviour will be recorded via ClassCharts. Instances of bullying will also be reported via KELSI. Governors are kept up to date about the number of bullying cases via the DSL's termly report.

Monitoring and Review: Putting Policy into Practice

- We will ensure that we regularly monitor and evaluate mechanisms to ensure that the policy is being consistently applied and any issues identified will be incorporated into the school's action planning.
- The Headteacher will be informed of all bullying concerns and the named safeguarding governor will report on a regular basis to the governing body on incidents of bullying.
